25X1

1. On 19 August 1952, three four-wheel armored personnel carriers, each occupied by about seven soldiers were seen conducting driving practices in the Berlin-Karlshorst restricted area. Each of the carriers mounted a 20-mm to 30-mm gun.

25X1

2. On 19 August, the Karlshorst hutment was occupied by about 1,500 soldiers wearing black-bordered crimson epaulets. Three trucks each occupied by about 30 soldiers were guard details daily left the hutment at about noon and 8 p.m. No training activity was noticed. The weapons which consisted of light AT guns were still parked at the same place as previously observed.
